Description

X-BIONIC INVENT 4_0 CYCLING BIB PANTS PADDED MEN'S

- X-BIONIC® INVENT® 4.0. They are perfect for long training sessions or endurance races.
- ONLY WITH X-BIONIC® 4.0: INNOVATIVE RETINA® TECHNOLOGY WITH VERY HIGH DEFINITION. It provides ultra-high-definition texture, ultra-high-density function transmission and ultra-precision body zoning.
- NEW 3D BIONIC SPHERE® SYSTEM. The patented and award-winning 3D Bionic Sphere® system blocks unpleasant humidity, the sensation of overheating and the risk of cooling during rest and recovery periods.
- INNERLAP AIRCONDITIONING ZONE® is a thin mesh of knitted fabric without insulating zones. It is cooled by air exchange as soon as sweat develops.
- 100% PURE SWISS ENGINEERED. Made in Italy. Over 700 international awards and test wins for revolutionary features and designs. More than 800 registered patents for a unique technology.

ART. NO.: IN-BB05W19M-B036-S

Cycling is your passion and excellent performance is your pride! With the X-BIONIC® INVENT® 4.0 CYCLING RACE BIB PANTS PADDED MEN shorts, specially designed for ambitious cyclists, you increase your performance and at the same time enjoy the lightness of a weight-optimised design.

The new 4.0 generation is the first to have Retina® ultra high definition quality for unique precision of functionality. For a targeted effect, intelligent functional zones can be positioned even more precisely in the ultra-dense knitted fabric.

The Two-Step Front 3D Bionic Sphere® system on the lower abdomen and the optimized 3D Bionic Sphere® system on the coccyx are highly active functional surfaces that guarantee continuous thermal compensation.

The patented Partialkompression® combines the advantages of compression with a cooling effect. Perfectly positioned Sweat Traps® absorb excess sweat and allow it to evaporate for targeted and precise cooling. The Innerlap AirConditioning Zone® on the inside of the thighs and the targeted insulation of the ISO-Pads improve climate management and comfort.

For maximum comfort, the anatomically shaped Elite2000XT Bike Pad adapts perfectly to the human anatomy and relieves pressure-sensitive blood vessels and nerves.

Sizingchart suit men

	SIZE	HEIGHT (A) (CM)	CHEST(B) (CM)	WAIST(C) (CM)
